Home Health Speech-Language Pathologist (SLP) in East County San Diego

Description

We have an immediate need for **Speech-Language Pathologists (SLP)** to assist with growing patient care needs throughout **SAN DIEGO** county including the cities of:

-La Mesa, Lemon Grove, Lakeside, El Cajon, Santee, Spring Valley and surrounding areas

Who we are looking for

Do you have home health experience? This is a great opportunity to either supplement your current caseload or transition to a more independent system. Maybe you don't have home health experience, but you would like to learn how to translate your Outpatient, SNF, or hospice experience into this setting. We can help. Perhaps you aren't sure if home health is what you're after. Working in home health you set your own schedule, create a comfortable caseload, and cover the service area that works best for you. A home health setting is both flexible and rewarding.

About the role

This role allows you to operate as an independent, per-diem clinician, but with supportive consulting and resources available from Lifespan. We are here to help you be successful. Use our custom app to accept patient assignments in locations and on days that work best for you. Sign and submit notes on just 1 easy EMR system (TherapySync) with any data enabled device. Submit an invoice for direct deposit twice per month.

About Lifespan

Lifespan Physiotherapy Staffing is a therapist owned staffing network that has established an outstanding reputation in the healthcare industry for working with quality therapists. Our mission is to connect skilled clinicians with the patients who need them, removing the barriers of the traditional "one agency" system, decreasing re-hospitalizations, and making a difference in the community. Currently patient referrals are outpacing clinicians. This is why we need you! Why be in the Lifespan network? Lifespan will provide you with continuous support so you feel confident documenting Home Health patients according to Medicare, Title 22, and ethical standards. We have dedicated and knowledgeable office staff available to assist you 7 days per week. Lifespan handles all credential management, authorization tracking, DME processing, referral processing, and agency billing so that you can focus on patient care. Since 2008 we've helped hundreds of clinicians either transition into home health or expand their role, while caring for more than 50,000 geriatric, homebound patients. We hope you will join us in continuing to evolve and improve what it means to have care provided in a home health setting.

Responsibilities

Hiring organization

Lifespan Physiotherapy Staffing, Inc.

Employment Type

Part-time, Contractor, Per diem

Job Location

La Mesa, California, United States

Date posted

April 26, 2024

Valid through

26.05.2024

- Accept and schedule patients for home visits typically lasting 45 minutes – 1 hour
- Assess the skilled Speech Therapy needs of typically geriatric, homebound patients who are often being treated for cognitive and dysphagia, dysarthria, apraxia, and aphasia diagnosis
- Develop a care plan to be carried out by yourself to be carried out typically over a few visits.
- Document the condition and plan for each patient via electronic visit notes.
- Practice infection control best practices to ensure the safety of yourself and patients. Communicate patient needs with the care team to ensure all necessary services are provided. Being part of the team you would be an independent contractor. Sign and submit notes on just 1 easy EMR system, in real-time, with any data enabled device. Choose your patient volume and schedule patients days and times that work with your schedule. Lifespan Physical Therapy Services is committed to working with you. We provide continuous support so you feel confident documenting Home Health patients according to Medicare, Title 22, and ethical standards. A Home Health background is not required — we can help you translate the skills you already have. We have dedicated and knowledgeable office staff available to assist you 7 days per week. Since 2008 we've helped hundreds of clinicians put their degree to use, earn money, and change lives. Contact us now to get started!
